

Website, Mobile App & Software Development Details

Website Development Cost

We provide customized website development solutions according to your business needs. Our pricing is transparent and depends on the website's size, design level, and functionality.

- Basic Website (Portfolio / Company Profile): PKR. 25,000 – 40,000
- E-Commerce Website (Online Store with Payments): PKR. 60,000 – 100,000+
- Custom Web Applications (Dashboards, Admin Panels, etc.): PKR. 80,000 – 200,000+

Prices vary depending on additional features such as animations, CMS integration, or multi-language support.

Information Required from Client

To begin working on your website, we require a few details from you to ensure the site perfectly matches your brand identity and business goals:

1. Business Name & Description
2. Logo & Brand Colors
3. Domain Name (if already purchased)
4. Content (Text for pages such as About Us, Services, etc.)
5. Images / Product Photos
6. Required Pages (Home, About, Services, Contact, Shop, etc.)
7. Payment Gateway (for e-commerce websites)
8. Contact Information (Email, WhatsApp, Address, Social Links)

Time Required

- Basic Website: 5 – 7 working days
- E-Commerce Website: 10 – 15 working days
- Custom Web App: 20 – 45 days (depending on project complexity)
